Air Cadets and Parents Enjoy Supper Gathering

Members of the Drayton Valley Air Cadet Squadron No. 733, their parents, officers and guests enjoyed the first of what is hoped to become an annual parent-cadet supper in the Legion Hall last Thursday evening.

Squadron strength is now 38 cadets, most of whom were present for the occasion with their parents. They were welcomed by M.C. Roy Hale who also introduced head table guests and members of the civilian Air Cadet Committee.

Mayor Robert Findlay extended best wishes to the cadet organization on behalf of the town and was followed by Maurice McCullagh, Commanding Officer of 733 Squadron, who introduced officers of the corps and the civilian instructors.

Changes in the armed forces through integration were elaborated on by Ft. Lt. S. Coghill, D.C.O. (Air) who related the changes to the cadet organization--Army, Navy and Air.

He noted that integration would not greatly affect the cadet organization, emphasizing the fact that cadet corps are not recruiting vehicles for the armed forces but designed solely as a youth movement for the purpose of recreation, training and promoting better citizenship.

He extended his congratulations to the Drayton Valley Squadron, its officers and instructors, and the sponsoring organization, the Royal Canadian Legion, for the success and progress of the corps in the past.

Plans for the future in the field of glider instruction for cadets were outlined by Mr. Gordon Prest of the Provincial Gliding Committee. Mr. Prest noted that four gliders have been purchased by the committee and two more are on order.

Cadets attending summer camp at Penhold will be given the opportunity of glider flights.

Presently, he said, an instructors course is being organized and will be held at Easter to have a nucleous of instructors available during the summer.

Mr. H.J. Winfield, chairman of the Alberta Provincial Committee, stated that the future was bright for Air Cadets. The organization, he said, is still going forward and reported progress in all phases of cadet activity.

Despite changes affecting the armed forces, Air Cadets will retain the designation Royal Canadian, he said.

Mr. Winfield described many of the camps and activities available to cadets and outlined the fund raising process by the civilian committee.

Locally the Air Cadets raise funds for their activities by a monthly bingo and sales of chocolates, first aid kits, and fire extinguishers. Scrolls in support of the Air Cadet organization are also being sold.

Also called on to speak briefly on their experiences during the exchange visit to St. Jean, Quebec, were Sergeants Ron Cameron and Fred Kaarsemaker.

The evening concluded with the showing of films on gliding and first aid.

Plan Meeting To Organize Club Sixty

A meeting sponsored by the Order of the Royal Purple will be held in the Elks Hall at 8 p.m. on Tuesday, January 30 for the purpose of organizing a Senior Citizen's Club.

All persons 60 years of age and over are invited to attend and help with the formation of the club which would direct its activities to the interests of persons in this age bracket.

Clubs of this nature are operating with tremendous success in many communities and members of the O.O.R.P. hope for a good attendance at the meeting to launch the local endeavor that could mean a great deal to Senior Citizens.

Most clubs devote their interest directly at social activities for persons 60 or over. They organize parties, bingos, card parties and a variety of social activities for the older members of the community.

You are invited to attend the meeting and learn about the possibilities of the "60" Club.

The Arena,
January, 20/68

Dear Mother and Dad:

As this letter is written, your son is busily preparing for the most important game of hockey he will ever play.

At least, it's the most important game right now. By tomorrow morning there will be another, "most important game" looming ahead of him next week. Although most of today's game will soon be forgotten we directors, coaches and managers are hoping that the boys will learn something on the ice today which will not soon be forgotten.

In the minor hockey games we naturally try to teach the boys all the basic fundamentals of hockey, such as skating, shooting, passing and so forth. These are things which help to make him a better hockey player, however, there is much more which we try to teach.

Your boy, along with other thousands from east to west, is being taught the value of team work and the ability to 'get along' with team mates and opponents. He is being taught how to win modestly and how to play by the rules of the game, and, if he must lose, how to lose gracefully. He is taught respect for the rules and for those in authority. He learns that to be a good player he must keep his body in good condition and live a clean life. In short, our minor hockey program has one chief objective. That is to help you to bring up your son as a good citizen and a better Canadian.

From Newfoundland to British Columbia hundreds of men from every walk of life are voluntarily engaged in minor hockey work. This week has been designated National Minor Hockey Week in Canada. It is a week designed to focus public attention (especially the parents) on the great values and ideals minor hockey teaches to all boys.

Special events have been planned for this week which range from special minor hockey church services to parades, and of course, to very special hockey nights in the home town arena. No one but a boy can really say how important it is for him to have the interest and support of his parents in his hockey activities. Minor hockey week is your opportunity to show not only your son, but the coaches, managers, referees and many, many others associated with the sport just how much their efforts are appreciated.

On behalf of your son and all the minor hockey players in Canada I invite you as parents and good citizens to take time out this week to become better acquainted with minor hockey and what it is doing.

The slogan for National Minor Hockey Week is "Take, don't send, your boy to the arena". We sincerely hope this is one slogan which all parents will take seriously during the coming week.

Well, the kids are ready for that "most important game". In closing our thanks for your interest and support. We'll look for you at the rink this week.

Health Hints from THE CANADIAN MEDICAL ASSOCIATION

STROKES
THEIR CAUSE AND CURE

Strokes are usually caused by one of three varieties of d disease processes, the Canadian Medical Association reports. The most common of these is thrombosis, which is a plugging of the arteries of the brain. Beyond the point of the plugging of the artery, the brain tissue dies.

Symptoms of thrombosis include short episodes of weakness, dizziness, difficulty in seeing, numbness and tingling in the arms or hands. Relief from these symptoms sometimes can be brought about by the use of blood-thinning agents known as anticoagulants. These medications must be used with extreme caution by experienced physicians.

Cerebral hemorrhage, or bleeding into or around the brain, is the second most common cause of strokes. There are two varieties of cerebral hemorrhage: one related to high blood pressure, which is often fatal and the other a rupture of a berry-like swelling where the arteries divide, which is less often fatal. Cerebral hemorrhage often can be prevented by the control of high blood pressure.

The third most common cause of strokes is the release of an embolus or small blood clot into the circulation, which in turn plugs a brain artery, causing paralysis. These embolic strokes usually follow changes in the heart valves brought about by rheumatic heart disease. Blood-thinning agents, frequently used by doctors caring for patients with rheumatic heart disease, sometimes reduce the frequency of embolic strokes.

The C.M.A. advises that many strokes can be prevented, or reduced in severity, if treatment is commenced soon after the first symptoms appear.

In seventy years of life a human being eats 1,400 times his body weight, over 100 tons of food, and he spends five full full years putting food in his mouth.

Galen F. Drawbaugh
Pastor, Emmaus Lutheran Church

As I sit in my office this morning Drayton Valley appears to be a quiet, peaceful little community. It's an almost spring like day with the snow melting and water running. Little pre-school age children are playing in the slush as they are wont to do. Then there converges on this end of our community a pack of animals known as the dog, seven of them, all large, only one with a collar. They begin to fight - across the church yard, into the neighbor's yard, across the street through the midst of several little children. Women come frantically out of their homes gathering up their tots. The RCMP is phoned and they refer all calls to the town police who are bombarded with complaints, but quickly put an end to the disturbance.

In a private conversation with the Police Chief I was given to understand that our City Council is working on this problem at present. But as of now Drayton Valley does not have a dog catcher! We are served by the city of Edmonton, when they choose to serve us, or when we complain loudly enough. Most people including myself, do not particularly hate the dog, but we love our children more! I do not relish the thought of a small child like my own or yours being scarred for life or even killed just because it happened to be caught in the midst of a pack of fighting dogs. It has happened in other communities! And it could happen here! Who are the unresponsible citizens of this community who are permitted to have such animals without a collar and then permit them to run the streets? Surely our Police Department has much more important things to do than break up dog fights or run down strays!

The point then is this: That we support our City Council in providing a dog catcher for our community or together along with other communities as the talk now is. Certainly, it will cost us! But if we are willing to take all of the other safety precautions that we do for the safety of our children, are we not also willing to accept this one? Therefore, I urge the citizens of this community to speak with Council members and voice your support, and even more, demand as you have a right, that something be done immediately to correct this abuse! There is no reason in a community like ours why kindergarten children should be afraid to walk to school alone or why pre-school age children cannot play outside in their own yards without being run over by a pack of these animals. The responsibility of their safety rests upon us and none but ourselves will be responsible if any little child is ever attacked.

WARRIORS BLAST BRETON 97-23

Last Friday the High School boys basketball team travelled to Breton and came home with a convincing 97-23 victory, their ninth straight win this season.

Leading the local club on the scoreboard was Keith Sodergren with 30 points, Charles Swap with 21, Doug Ibbitson with 20 and Larry Metelski with 14.

The heart of the Warrior attack was supplied by rookie Stan Oulton who did a masterful job of defensive backboard work and defensive press play. His quick reaction from defense to offense put life, power and potency into the fast moving free lance offensive style of the Warrior team.

Also doing a real fine job was backup center Charlie Swap who showed a lot of know how with his fine 21 point performance.

The Warriors sister team, the Warriorettes also came home with a league victory and their second win in their last three outings. Leading the Warriorettes were Judy Goubault with 10 points and Janine LaBranche with 8 points in the teams 26-24 win.

The Warriors and Warriorettes will next see action in the FMHS Students Union basketball tournament this weekend.

The North Alberta Schools Amateur Athletic Association have awarded the North Western Regional Basketball Championship Tournament to Drayton Valley this year and this outstanding school athletic event will take place in the local gym near the end of February.

Edson Radio Station CJYR to Begin Broadcasting in March

The Department of Transport has given the official nod to the proposed new AM broadcasting station for West-Central Alberta.

CJYR, a 10,000 watt station owned and operated by Yellowhead Broadcasting Ltd., is scheduled to open in March, 1968 after a lengthy delay due to opposition from the Federal Communications Commission (American counterpart of the Department of Transport).

The application to establish the privately owned station at Edson, Alberta was made in Quebec City, September 12th by Messrs. Ernie Mushtuk, Ernie Mykyte and Chuck Benson of Edmonton and Peace River. The application was the only one of four such bids in Alberta to receive a favourable recommendation from the Board of Broadcast Governors.

In the meantime, while construction had begun on the project, the Principals were notified in November that the F.C.C. had decided to oppose the powerful frequency (970 kc) on the grounds that its radiation pattern might interfere with the broadcast pattern of Radio Station KOIN, Portland Oregon. Doug Allen of Winnipeg, one of Canada's foremost broadcast consulting Engineers submitted a new set of calculations indicating that suitable protection would be given the American station in its own territory.

While the question of the broadcast license remained in an unsettled state, construction of various phases of the transmitter site were continuing. Nearly 15 miles of underground wiring was laid; tower bases and anchors were built; the transmitter building and tuning huts were completed. Raising a twin set of 200 foot towers is the next step in establishing the station.

"What I mean is," explained the insurance salesman to a bewildered prospect, "how would your wife carry on if you should die?"
"Well," answered the man reasonably, "I don't reckon that's any concern of mine - as long as she behaves herself while I'm alive."

Miss Benita Mundorf is back at school after a short illness in Drayton Valley Hospital.

We welcome Mr. Robert Gilbert who has come from Australia to fill the vacancy on the Lodgepole teaching staff, replacing Mrs. J. Dykens who returned to her home in Saskatoon at Christmas.

SPECIAL SEASON FOR BULL ELK

Alberta Minister of Lands and Forests, the Honourable Henry A. Ruste, announces that there will be no season extension for big game in any of the Wildlife Management Units on the eastern slopes of the Rockies.

A special season on elk in Wildlife Management Unit G-116 will be put into effect on January 22nd, 1968, in order to alleviate a chronic damage problem to agricultural lands on the perimeter of Cypress Hills Provincial Park. From January 22nd, 1968 to February 29th, 1968 the season will be on bull elk only. No hunting will be permitted to W.M.U. G-120, which comprises Cypress Hills Park itself.

The 1967-68 Big Game License will be in effect. Those persons who were successful in filling their Big Game License during the regular seasons will not be eligible to hunt during this season extension.

FROM THE BIG COUNTRY... Alberta

Scout to the Mounties

When a small force of North West Mounted Police introduced law and order to southern Alberta in 1874, much of their immediate success was due to the skills of one man. Short, bowlegged, dressed in a curious mixture of buckskins and white man's clothing, Jerry Potts was already a legend on the wild frontier.

Hired by an advance party at $90 a month, Potts had ridden north from Fort Benton in Montana to aid the tenderfoot Mounties. Over the next twenty-five years, the half Indian plainsman was to become one of their most valuable employees. An unerring guide, a skillful hunter and an interpreter respected by Indian and white man alike, Potts was a prince in a realm of savagery.

He was born to violence. An Indian killed his trader father while Potts was still in the cradle. Adopted by a murderous saddler named Alexander Harvey, he was abandoned at five years of age when his foster parent was driven out by fellow traders following the unprovoked slaughter of thirteen unarmed Blackfoot.

The boy was then taken in hand by a gentle Scottish trader named Alexander Dawson, who tried in vain to curb the youngster's wild ways as he diligently taught him the workings of the fur trade and schooled him in English and Indian tongues. By the time he was fifteen, however, Potts had already taken to drifting more and more to the Indian camps of his mother's people—and was soon to divide his time between their encampments and the forts of the American Fur Company.

Jerry Potts

Gun Battles

Potts shot his first man when he was twenty-three; a French-Canadian whom he killed in self defence. Antoine Primeaux—the only white man to fall prey to Potts' rifle—represented the first victory in a series of gun battles.

Throughout the 1860's, Potts gained fame as an Indian warrior. Always, he fought for those he considered his true people, the Peigan, Blood and Blackfoot tribes of plains Indians.

One such skirmish occurred when he was hunting alone and was accosted by a party of seven armed Crows, feigning friendship. Not realizing Potts' knowledge of their language, they discussed killing him in his presence. At the warning click of a Crow rifle, Potts dived from the saddle and, firing from his knees, killed four of the would-be murderers while the others fled.

In savage reprisal, Potts then raised a war party of Blackfoots, Bloods and Peigans and struck the Crow camp by night, leaving dozens of dead and wounded.
On another occasion, when guiding a 3-man Montana gold prospecting expedition, he helped stave off an attack by 200 warring Sioux, killing five with his revolver. Forced into a last stand, Potts engineered an escape when night fell by stealing three of the Sioux horses.

Law of Vengeance

Before enforcement of the written law, the law of vengeance held sway. Once, when hunting with a younger cousin, Potts was ambushed by three Crows. The cousin was killed and Potts was turned free so as to be shot in the back as he rode away. Instead, he drew a hidden revolver and turned on the trio, killing each man while on a dead run.

Such incidents were often repeated during Potts' early life on the frontier, when his work as a hunter and guide for the traders carried him throughout the territories of southern Alberta and northern Montana. Potts' first season in Canada was marked by a smallpox epidemic in the Blackfoot camps. The disaster, in the winter of 1869-70, tempted the ever-militant Crees to descend on their fever-weakened enemy. They struck by night at a camp of Bloods on the Oldman River, but the defenders managed to send for help to a nearby Peigan camp.

The Peigans massed a large war party, picked up Jerry Potts at Fort Whoop-up and arrived on the scene at dawn. Under Potts' direction, the well-armed Peigans gained a strategic advantage and turned on their attackers ruthlessly, wiping out some three hundred Cree and Assiniboine. Potts himself took sixteen scalps.

In 1872, when Potts' mother and half-brother were killed in an inter-tribal quarrel, he sought out the killer and avenged their deaths after a remorseless horseback chase.

Military Honours

Such was the man engaged by the Northwest Mounted Police. Then thirty-seven years old, he combined a contempt for the elements with an unfailing knowledge of the untracked country. On two occasions, he led police patrols through blinding blizzards to safety; the second time when he himself was almost completely snow blind. Potts served with distinction as guide and interpreter for Colonel Macleod, and it was Potts who located suitable sites for both Fort Macleod and Fort Walsh in the Cypress Hills.

When Potts died in 1896, he was buried at Fort Macleod with full military honours.

Doctor Voth Guest Speaker At A.A.R.N. Regular Meeting

At the regular meeting of the Drayton Valley Chapter, Alberta Association of Registered Nurses on January 10th, Dr. A. Voth was guest speaker. Dr. Voth, a native of Saskatchewan and a graduate of the Faculty of Medicine, University of Saskatchewan, interned at the Philadelphia General Hospital from June, 1966 to June, 1967.

It was about his experiences in the Philadelphia General Hospital that Dr. Voth spoke. The Hospital is known as a "charity" hospital and is run by civic government--this type of hospital is common in the United States. The Philadelphia General Hospital is situated in a largely negro ghetto area and provides free complete medical care to the indigent population whose income is less than $3000 yearly.

Medical care is supplied by a large staff of "interns" and "residents" supervised by the medical staff of five medical colleges in Philadelphia. In such a situation, opportunity for varied experiences is vast and "expert" consultation readily available.

The descriptions of a typical patient, patient situations, difficulty in communicating with patients, and of auxiliary medical staff were incredible but true. It seems appalling that even in a hospital, discrimination against the poor and the negro should control treatment and the basic right of each patient to retain human dignity.

It must be remembered that in the United States the cost of private medical treatment is exorbitant. The irony of this situation is that despite a vicious type of class distinction and a tendency for civic politics to try to control administration, medical and nursing practice, the patients in Philadelphia General Hospital receive the most equitable and thorough basic medical care in comparison to patients seeking private treatment.

Hearing Dr. Voth's experiences, the nurses present at the meeting expressed concern about the trend in Canada toward complete government control in the area of hospital administration and in the practice of nursing and medicine.

Every nurse in the community is asked to write a letter to M.P. Mr. D. Caston, Federal Government, to protect changes in the Unemployment Insurance Act that would have the effect of compelling graduate professional nurses to make compulsory contributions to the unemployment insurance fund. These changes are now being considered and each nurse is urged to strenuously object to such changes.

The Drayton Valley representative to the North Central Nursing Service Committee of the Alberta Association of Registered Nurses, Mrs. B. Orieux, reported on the functions of that Committee, commenting on the areas of nursing service under consideration: nursing homes, the "grey" areas between nursing and medical responsibilities, the certified nursing aide, staffing patterns, staffing problems in rural areas, and defining nursing and non-nursing functions.

It is hoped that the Drayton Valley Chapter of the Alberta Association of Registered Nurses will be able to offer a bursary to a grade 12 graduate who wishes to enter professional nurses training. Several projects have been proposed in order to raise funds--the first will be a Bake Sale at Block's Store, Friday, February 23rd from 3 p.m. to 6 p.m. It is hoped that the citizens of Drayton Valley and District will feel this is a worthwhile effort and will be supporting this project.

EVANSBURG

MRS. M. BRUNER,
Correspondent

Well, I must say it is very nice to be home again after an almost two week stay in a city hospital. The weatherman is co-operating fully, too, in that the temperature is high for this time of the year and the storms of a couple of weeks ago are a thing of the past. So, even if I have to take housework in very easy stages, at least it is very pleasant for friends to drop in and pass the time of day.

It seems that due to the cold weather or roads or some thing, there were not enough members turned up at the Agricultural Society Annual meeting that was scheduled to be held at the Gerrard residence on the 10th. The Society directors have served notice that another meeting has been scheduled for the election of officers, so perhaps next week there will be news of new officers having been elected.

The 4-H Club had to postpone their meeting this month because of sickness among some of the members. I have just received word that the next meeting of the Stony Plain 4-H Council will be held at the Smithfield Hall on January 29th. It is hoped that more of the clubs in the Council district show up as there are several matters of importance to be discussed.

Congratulations go to Mr. and Mrs. Eaton on their recent marriage. Mrs. Eaton is the former Mrs. Kate Lamoureaux of Evansburg. The happy couple are making their home in the village.

Seen renewing acquaintances around the village was Mr. Colin MacDermaid who spent a few days with friends recently.

Best wishes for getting well go to Miss Janey DeJong who is a patient in the Drayton Valley Hospital.

Seek Signatures for Kindergarten Petition

An invitation of special interest to local residents interested in the kindergarten movement has been received from theAlberta Council of Women to join them in a petition to the Alberta Legislature They request that the Provincial Government establish kindergarten as part of the school program, providing necessary grants and direction in the same manner as for any other grade in the school system.

The Alberta Council of Women have been very active in promoting this project and have approached the Alberta Teacher's Association, the Alberta Trustees' Association and have submitted a brief to the Minister of Education as well as signed petitions from residents of Calgary, Red Deer and other districts. To date, however, these attempts have been unsuccessful and it is felt that if there were more support throughout all areas of the Province that there might be more consideration given to such a move.

Petitions are now circulating in many areas of the Province and in Drayton Valley there are copies of the petition posted in the Health Unit Office and Pembina Drugs. All persons who are interested and willing to aid the establishment of Government sponsored Kindergarten are encouraged to add their names to the petition at either of the above locations.

MRS. G. P. MacDONALD

Mayra Stichel, Richard and Darryl of Fort St. John, B.C. spent a few days with Betty Strangway and the boys.

Mr. and Mrs. S. Mysticki had their son Carl and wife Vicki of Edmonton visit them recently.

A miscellaneous bridal shower was held at the home of Nora McCracken for Mrs. Paul Peacock, the former Norene MacDougall of Hinton. Unfortunately Norene became ill with the flu and was unable to attend.

The gifts were opened by Norene's cousins, Julie MacDougall and Pat McCracken and passed around for all the guests to see. Her aunt, Stella MacDougall, thanked all the ladies for attending and for the many lovely and useful gifts on behalf of her niece.

Out of district guests were Pat Stables of Drayton Valley, Mayra Stickel of Fort St. John, Norene's great aunt, Mrs. Dorothy MacDougall of Keephills, Loraine Greaney and Michele of Gainford, Mrs. Alma McCracken of Entwistle.

Lunch was served by the ladies. A beautiful bride's cake was made by Marie MacDougall of Keephills which was saved to be presented to Norene and Paul with the gifts.

The first ladies club meeting for '68 was held at the home of Marjorie Anderson with Doreen Thomeus co-hostess.

The ladies decided to make a quilt to raffle in the near future.

Lunch was served by the hostesses, Marie June winning the tea prize.

Rebels Lose In Wetaskiwin

The Drayton Valley Rebels travelled to Wetaskiwin last Saturday night for a game with the Colonels in the N.C.A.H.L. schedule. The contest proved to be a battle scarred and penalty marred encounter with the Colonels coming out on top in the scoring by a margin of 14-6.

The Colonels took an early lead and continued to hold a decisive margin throughout the free-scoring game. The short-handed Rebels could never quite match the pace set by the league leading Colonels.

Scoring for the Rebels were Barry Solness with two goals, Frank Novasel, Ron Hemmingway, Garry Haack and Louis Balen accounting for singles.

The Rebels are in Fort Saskatchewan Wednesday evening for a game with the Huskies and travel to Stettler Sunday afternoon to play the Imperials who are battling Wetaskiwin tooth and nail for the league leadership.

The Rebels next home game is next Tuesday evening January 30, when they take on the Camrose Maroons at the Centennial Civic Centre.

BUCK CREEK NEWS

Mr. and Mrs. Foster Simpson enjoyed the company of their daughter recently.

Thanks go to the Lambert family for letting the juniors use their private skating rink.

Last week's Whist Game winners were: Ladies high, Mrs. Colleen Lee; Men's high, Max Studer.

The Buck Creek opening bonspiel was won by Gordon Steffensen in the first event; Lenny Regenwetter in the second event; and Gordon Haukedahl in the third event. Thirteen rinks are entered in the Round Robin and all hope for colder weather so the ice improves.

The ladies meeting enjoyed a new member. All will gather at Mrs. Norma MacDonald's house for next month's meeting.

Saturday, February 27th is the next whist game date. Come and play, its fun.

I would like to urge all people having news for this column to drop it in the news jar in the post office.

Next community meeting is February 3rd at the hall. Guests are welcome. They may like it so much that they will become members.

New Books At Library

We wish to thank Miss Connie Jones for her generous donation of three books to the library.

Most of the seventy new books which arrived this week are for the juvenile section. There are several new Appleton, Dixon, and Zane Grey books. A new writer, Jack Lancer, has started what would appear to be a good series about someone called Christopher Cool.

Katherine Savage, the author of the Second World War, has written a new book called "The Story of World Religion". "The Commandos" and "The Story of Vietnam" also look promising.

Singing Group To Appear Hear

One of Western Canada's finest gospel singing groups, the Dominionaires quartet from Calgary, Alberta will be appearing at the Church of God on January 28th in the 11 a.m. worship service.

The Dominionaires are a dynamic inter-denominational gospel team representing four different churches in the City of Calgary. They travel extensively throughout the western provinces and states ministering in song and words to church congregations, conventions, rallies and concerts. Many of the old favorite gospel hymns are given a fresh new sound by this talented group and their repertoire includes a number of brand new southern gospel songs written by Del Delamont, their pianist and arranger.

Every member of the Dominionaires is an accomplished musician in his own right and the versatility of this outstanding quartet is portrayed in every song they sing. Their program is enjoyed and appreciated by young and old alike.

THE WESTERN REVIEW

Drayton Valley, Alberta

Vol. IV, No. 24 Jan. 24, 1968

Some of those who took part in the Careers Day at Frank Maddock High School last week are shown above during the noon luncheon. From left to right are Mr. R.H. Woods, Principal of F.M.H.S.; Miss Ruby Sharon, Ruby Sharon's School of Hair Design: Mr. K. Bride, Alberta Teacher's Association; Mr. N. Topalnitsky, Apprentice Training, Department of Labor.

Basketball Tourney This Weekend

The FMHS Students Union will be sponsoring their 4th annual High School Basketball Tournament this weekend. The tournament has been expanded this year with an addition of a girls division to complement the eight boys teams.

Action gets underway at 5:30 Friday night with the Drayton girls playing Winfield; this game is to be followed by two boys games. At 7 p.m. Evansburg boys tangle with the Breton squad and at 8:30 the Warriors meet Winfield.

Action resumes at 10:00 a.m. Saturday and continues hot and heavy throughout the day. The early morning game schedules Breton girls against the Evansburg girls. At 11:30 a.m. a good fast and exciting boys game will take place with the rapidly improving Warburg five taking on last year's tournament winners, the Rimbey Spartans.

At 1 p.m. Thorsby and Seba Beach boys tangle. At 2:30 the semi finals get underway and the winners going on into the finals which the girls will play at 6:30 p.m. and the boys at 8 p.m.

This tournament is sure to provide excitement, thrills, and many a memory for participants and spectators--don't miss it. Trophies will be presented at the tournament's conclusion.

U.C.W. Meeting

Attention United Church Ladies. We would love to meet all of you. Why not bring a friend and join us for supper at the U.C.W. annual meeting on Monday, January 29 at 7 p.m. in the church basement. For tickets or information phone 542-3059.

D. V. Highlights

BY MRS. EDITH DEBY

Patrick Guze, aged six, second chosen son of Mr. and Mrs. Otto Guze, arrived last week to be a brother for Sandra, Dale and Lenard. Patrick transferred to Drayton Valley Elementary School this week and is looking forward to meeting the Guze friends and to being a part of this happy family.

Mrs. Jack McLean is enjoying every moment of her visit in Scotland. Besides her old friends and her relatives she has seen the John Greys. Both Mr. and Mrs. Grey admit to being homesick for Canada. Do you suppose something good will come of that?

Our deepest sympathy is extended to the Reverend Ezekial Martin whose brother passed away earlier this month.

Mr. and Mrs. David Glen visited relatives and friends here last week. The Glens are proud grandparents to David's four girls, Bill's three boys and Don's wee daughter. It was good to hear news of all of them. Of special interest was Bill's success as a breeder, trainer and exhibitor of quarter horses.

Ted Tucker insists that his mashed up nose was the result of falling off the back of his truck. We are ready to believe him but he has a very strong resemblance to his cousin, Wilf Greaves, after a particularly tough bout.

Don Hammerlindl is attending university in Laramie, Wyoming. He will graduate in engineering in two years.

Former mayor, Howard Pickup, had to be taken to an Edmonton hospital on Monday. Have a good rest and get well soon, Mr. Pickup.

Miss Iona Tucker, second daughter of Mr. and Mrs. Leslie Tucker, received a pretty new ring at Christmas and since it is on the third finger, left hand, has a special importance. Mr. Ed Hutzel seems to be taking a proprietary interest in both Iona and the ring.

Skiers Enjoy Local Hill on Recent Weekends

Drayton Valley Ski Club has enjoyed three weekends of good skiing with 83 skiers out on Sunday, January 14th.

A Ski Club has been organized by the Junior High School students and they are skiing every Saturday morning from 10:00 a.m. to 1:00 p.m. under supervision of their teachers. The ladies of the ski club are operating a canteen which is proving to be very popular.

There will be a ski meeting in February (time to be announced at a later date) and ski films will be shown which should prove interesting to all.

Ski hours are Saturday from 10 a.m. to 4:30 p.m.; Sunday from 1 p.m. to 4:30 p.m.; and Monday from 1 p.m. to 3:30 or 4:30 p.m. The canteen is open at all times.

Anyone wanting information please feel free to contact any member of the executive. Bud Landreth, Don McKenzie, Al McKillop, Frank Neil, or Roy Steeves.

CHARITY SALE PLANNED FOR FEBRUARY 7TH

Wendy Sekura, Drayton Valley auctioneer, has announced plans for a charity sale in aid of retarded children to be held at the Auction Mart on Wednesday, February 7th.

The sale will start at 11:00 a.m. preceeding the regular Wednesday sale that starts at noon. If the charity sale is larger the balance of articles would be sold following the regular sale.

Donations of anything saleable are required for this worthy project and would be much appreciated. Sales for retarded children are being held at many Alberta points during the week by members of the Alberta Auctioneers Association.

Pickups will be made during the afternoon of Tuesday, February 6th or donors may leave articles for sale at the Auction Mart. Your donation could help make this undertaking for retarded children a success--if you have anything to contribute contact Wendy Sekura at 542-4337.

Kindergarten Class to Start

The Drayton Valley Community Kindergarten will begin a fourth kindergarten class on February 1, 1968 in the basement of the Church of God Classes will be from 9:30 a.m. to 11:45 a.m. with Mrs. J. Findlay as teacher.

Only those children who will be eligible to begin school in September, 1968 will be accepted for this class. At present there are eighteen children registered but it is preferable to have a full class of 20 pupils in order to meet expenses. Further registrations are welcome and will be received by Mrs. E. Lyle, phone 542-4374.

A note also to parents who will have children eligible for kindergarten in September, 1968--please keep in mind the registration date set for Thursday, April 4th, 1968 at 2:00 p.m. Further announcements will be made in the paper before that date.

PRICE INCREASES: We are all aware that materials and wages will cost more in 1968. We are hopeful that, with the co-operation of our building subtrades, we can come close to holding the line, in so far as costs of new homes are concerned, for the first few months in 1968. To accomplish this, your application for a mortgage to build a new home must be taken without delay. If you are thinking of a new home in 1968, see us now at:

Sundance Beef Club Plans Mid-Winter Events

The Duffield Beef Club invited the Sundance Club to a skating party on December 29. Everyone had a good time.

Owing to weather conditions our regular meeting scheduled for January 4th was postponed until January 11th.

Our regular meeting took place in the Sundance Hall on January 11th at 8 p.m. After the pledge, grace, and roll call, a discussion was held regarding catering for the O.O.R.P. banquet. The Royal Purple have asked us to cater to their banquet to be held on April 27th.

A valentine queen was nominated for the Sundance Beef Club. Heather Ferrier is our queen.

It was decided to hold a raffle. The first prize will be a camera and the 2nd prize a watch. Tickets will be 25¢ each or 5 for $1.00 and the raffle will take place at a dance in Sundance Hall.

Three talks were given. Laura Blair spoke on Grooming, Kim Bamber on What a Balanced Diet Consists of and our leader, Mr. Ferrier, spoke to us.

Our next regular meeting will be on February 1st in Sundance Hall at 8 p.m. sharp.
